MISSOURI OFFICE FOR VICTIMS OF CRIME

MOVANS will tell you if an offender is in jail and will give you other important custody information. MOVANS will also let you leave a phone number where you want to be called automatically when that offender is released, transferred, or has a change in court date.

WHAT YOU NEED TO DO:

1. Call 1-866-5-MOVANS from a touch-tone phone and follow the directions.
2. If the offender is in jail or has a court case pending, you can leave your phone number to be called when they are released or when a scheduled court event occurs. Enter the phone number where you want to be reached, including area code, followed by the pound (#) key.
3. When MOVANS asks, make up and enter a four-digit Personal Identification Number (PIN) that will be easy for you to remember. MOVANS will ask for the PIN when it calls you.
4. When MOVANS calls, listen to the message, then enter your PIN when asked. Entering the PIN lets MOVANS know that you got the call, and will stop the service from calling you again.

The Missouri Statewide service includes offenders in county jails and Missouri Department of Corrections facilities, and court event notification.

DO NOT depend only on MOVANS or any other single program for your protections. Make MOVANS part of your safety plan.

Custody status notification includes release, escape and transfer.

Callers may also choose to register to receive an automated call about upcoming court dates.

The offender will not know you are registered with MOVANS.
