

INSPECTION PROCEDURE INFORMATION

Inspections must be scheduled by 3:00 pm the working day before you need the inspection. Inspections called in after 3:00 pm is scheduled two days out. At times due to circumstances beyond our control, your inspection may be delayed but this is rare.

Times (meaning a.m., noonish or p.m.) **will not be given** for any inspections other than the following types of inspections:

Footings

Foundations

Septic Rough

Or electric *reconnects* only.

All other inspections must be ready on the day they are scheduled for.

To schedule an inspection, please call 636-583-6384. ***We do not take inspections by email.*** You will need to have the permit number, the property owner's name and type of inspection requested.
