Subcontracting of any services as specified herein shall not be acceptable. Any contractor responding with a proposal to utilize a subcontractor will not be considered.

The current Contractor is providing extradition service both within and between States on a case by case basis. Some persons being transferred have special needs. Examples of persons with special needs include juveniles, women, medicated persons, and persons with mental health issues. Professionalism, effectiveness, and a highly trained staff are all qualities that the County looks for in its contractors.

The County will expect the Contractor to perform the services noted below. Please respond to this listing in your proposal.

I. General Requirements
   A. The Contractor agrees to perform the services specified herein in accordance with generally accepted standards applicable thereto and shall comply with all applicable state, federal, and local laws, ordinances, rules and regulations relating to the services performed hereunder.
   C. At the request of the County, the Contractor shall assume custody of prisoners committed to the custody of the County and provide interstate and/or intrastate transportation of said prisoners to and from locations designated by the County.
D. In assuming custody of prisoners, the Contractor shall assume the sole responsibility for security and control of prisoners in a professional manner and in accordance with the County’s written policies and procedures. Such policies, procedures, and directives may be promulgated in the future regarding the use of force and the security and control of prisoners. In the event there are no written policies or procedures, the Contractor shall follow reasonable and customary operating procedures.

E. The Contractor agrees to travel the safest and most efficient route when transporting prisoners for the County.

F. The Contractor shall immediately report unusual incidents, emergencies, and/or controversial situations that arise in the performance of their services to the County in accordance with the County’s directives. For the purpose of definition, “unusual incident, emergency, or controversial situations” includes but is not necessarily limited to the following: any act of violence by a prisoner or other passengers; any escape or attempted escape of a prisoner, or any other breach of security; any excessive delay in the transportation of a prisoner; any medical condition of a prisoner or other passenger requiring emergency medical treatment; any mechanical failure that would normally require formal reports to the cognizant regulatory agency; and any refusal of law enforcement agencies to release a prisoner to the Contractor as authorized or directed by the County.

G. The Contractor shall assume custody of prisoners for authorized agents of the County, at the location of incarceration determined by the parties to be suitable for such purpose, to transport such prisoners to their destination or other specified location. Upon arrival, the Contractor shall surrender custody of such prisoners to the County or to the law enforcement agency as designated by the County. The County shall have the right to cancel its pick-up order within twenty-four (24) hours after placing the order. Any other cancellation may be made only with the consent of the Contractor.

H. In the event of delays in delivering prisoners to the specified destination, whether or not beyond the Contractor’s control, including inclement weather or mechanical malfunctions, the contractor shall provide for all prisoner costs, except medical, related to such delays, including but not limited to food and lodging.

I. The County shall provide the Contractor with a pickup deadline for all prisoners. The Contractor shall be fully responsible for insuring that all prisoners are picked up before the designated pickup deadline. In the event a prisoner is unavailable for pickup due to the Contractor’s failure to meet the pickup deadline, the County shall be relieved of any and all costs associated with such pickup.

J. If the Contractor is unable to meet a pickup deadline, the County reserves the right to use an alternative Contractor.

II. Refusal and/or Inability to Transport – The Contractor shall have the right to refuse to transport any individual whose condition or behavior, in the opinion of the driver, would be detrimental or dangerous to the safety of the vehicle or its passengers. In the event the driver
refuses to transport any such individual, the County shall be notified immediately, prior to leaving the pick-up location, and there shall be no charge to the County.

A. If, upon arrival at the holding agency, the Contractor learns that the prisoner has a contagious disease that was unknown to the Contractor and the County, the Contractor shall immediately contact the County for further instructions. If the prisoner is transported, transport shall be made in such a manner as to ensure the wellbeing of all other occupants. If the prisoner cannot be transported, the County shall not be subject to a penalty charge. The Contractor agrees not to place hold on the County’s prisoners held in other jurisdictions. Should the Contractor or its agents place a hold on a prisoner, in violation of this provision, the Contractor agrees to reimburse the County for the full cost of transport in each such occurrence.

B. In the event the prisoner is unavailable, due to the fault of the County, the County shall be responsible for the costs incurred which are directly attributed to the trip to the facility, but no more than 50% of the original trip cost. In the event the Contractor fails to contact the holding facility twelve (12) hours prior, the County shall be relieved of any and all costs associated with such pickup if upon arrival the prisoner is unavailable. In any case, the County shall not be subject to a penalty charge.

C. The Contractor shall deliver prisoners held in another jurisdiction to the County’s facilities within fifteen (15) calendar days from the date of pickup unless the county designates a shorter period of time, delays outside of human control not withstanding.

III. Special Needs/Service Requirements

A. On a case by case basis, the County reserves the right to use an alternative Contractor if the primary Contractor is unable to meet a necessary pick up deadline.

B. In the case of special needs transportation, Contractor’s qualifications and equipment will be evaluated on a case by case basis. The County reserves the right to use the Contractor deemed most appropriate by the County.
